

## Spells and How They Work (Paperback)

By Janet Farrar, Stewart Farrar

The Crowood Press Ltd, United Kingdom, 2010. Paperback. Book Condition: New. 234 x 156 mm. Language: N/A. Brand New Book. In this authoritative study, Janet and Stewart Farrar discuss the principles underlying all spells and explain why a successful spell is usually composed of three elements: intent, visualization, and will-power. Careful at all times to observe the basic rules of responsibility - that a spell should never intend anyone harm or manipulate anyone against their will - this is a comprehensive guide to ways of effective spell-casting. This book covers all aspects of spell-making - including psychic self-defence, sex magic, cabalistic magic, and talismans. There is a generous collection of actual spells, past and present, drawn from history, literature, folklore, old grimoires, and the years of experience of the authors. Spells of love, healing, problem-solving, weather, and binding combine in this unique addition to the literature on magical working.
