RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 122 pages. LC Number: KF27 . It is important that we err on the side of providing this type of care in the absence of an explicit written directive and that the Federal standard be expressed clearly to all health providers. Our legal system is weighted very heavily toward ensuring that we do not convict the wrong person and we are improving upon this system every day, as an example with the addition of DNA evi-dence in particular. Should we not also as a society err on...
